"Call it Democracy, or call it democratic socialism, but there must be a better distribution of wealth within this country for all of God's Children."

Bernie Sanders in
2015:

"I think [democratic socialism] means the government has to to play a very important role in making sure that as a right of

citizenship all of our people have healthcare; that as a right, all of our kids, regardless of income, have quality childcare, are able to go to college without going deeply into debt; that it means we do not allow large corporations and moneyed interests to destroy our environment; that we create a government in which it is not dominated by big money interests."

"I mean, to me, it means democracy, frankly."
